01. Introduction (For Those Wishing to Apply for Renewal to UAS Certification by a Representative)

- In the Drone Information Platform System, you can apply for issuance of UAS Certification, change attributes, renew the application, apply for cancellation, withdraw the application, check the application status, request an application for issuance for a skill certificate to representative, and request a representative for other than an application for issuance of UAS Certification.
- This manual describes how to operate the Drone Information Platform System. Please refer to this manual when performing the necessary procedures.
- To deepen your understanding further , please refer to the [FAQ](#) page posted on the Drone Information Platform System in conjunction with this manual.

02. Matters that require attention when using the Drone Information Platform System

- If the operation of the Drone Information Platform System is suspended (inactive state) for 60 minutes or longer, you will be required to restart the process. This security function lowers the possibility of a third party viewing your screen and leaking your personal information while you are away from your computer or smartphone.
- If you are unsure of what information to enter in each of the forms or how to enter it, hover your cursor over the  mark next to the field name in the form, to see the information to be entered, as well as a description of the input information to be entered in the form. (If you are using a smartphone, tap on it to display the description.)
- Do not press any browser buttons, such as "Back" or "Refresh", while using the system. Doing so may affect the normal functioning of the system.
- Do not attempt simultaneous login from multiple terminals; this may cause the system to malfunction.
- For the unmanned plane registration system, the new system for achieving Level 4, and other rules of flight, refer to the [Ministry of Land, Infrastructure, Transport and Tourism website](#)

*Click on the link to open the external site.

03. Necessary Items for Applying for Renewal Application to UAS Certification by a Representative

Prepare the following information to apply to renew UAS Certification by representative.

Type of Information	Item
Contact information	<ul style="list-style-type: none">NameTelephone numberEmail addressAddress of person requesting application
Information on UA for which you are applying	<ul style="list-style-type: none">Type nameName of designer (individual or office)Address of designer (individual or office)Address of manufacturer (individual or office)File of documents used in inspection
Fee information	<ul style="list-style-type: none">Fee amountFee-related documents
Other information	<ul style="list-style-type: none">Login ID and name of person requesting applicationPassword for agent settingsPOA

04. Steps for Renewal Application for UAS Certification by a Representative (1/2)

Implement the renewal application to UAS Certification by the representative using the following steps in the Drone Information Platform System.

Start the UAS Certification renewal application by representative

Step 1: Log in to the Drone Information Platform System

Enter your login ID and password to log in to the Drone Information Platform System.

Step 2: Proceed to the password (representative application) entry screen

Select the "Set up a delegate" button in the Click Here for Representative to Implement Procedures in the main menu.

Step 3: Enter the Password

Enter the UA applicant's ID, name, and password for setting the representative.

Step 4: Confirm UA information and Contact Information

Confirm the UA information and contact information subjects to request. Now Agent Settings is complete.

Step 5: Proceed to the UA List Screen

Proceed to the UA List Screen.

Step 6: Select Unmanned Aircraft (UA) for Application for Renewal

Select the UAS Certification to apply for renewal from the UA list screen.

Step 7: Perform pre-application check

* In the case of uncertified UAS type
Enter information such as the class of UAS certification of the UAS Certification to apply for renewal and the UA type and others.

Step 8: Enter Applicant Information

Enter the applicant information such as your name and address and other pertinent information.

Step 9: Enter UAS Certification Information

Enter information such as the UAS Type name and designer to apply the renewal.

Step 10: Enter Other Information

Enter the amount of the fee.

04. Steps for Renewal Application for UAS Certification by a Representative (2/2)

Implement the renewal application to UAS Certification by the representative using the following steps in the Drone Information Platform System.

Step 11: Confirm Application Information

Confirm the information that you entered, and implement the renewal application.

Step 12: Confirm Arrival (operated by the client)

A confirmation email will be sent to you when you have applied to UAS Certification, so open the email and confirm its arrival.

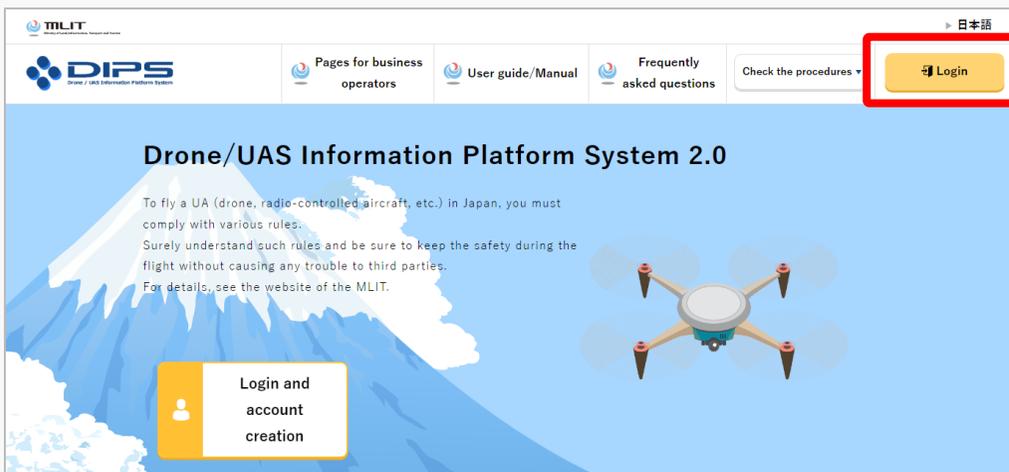

The UAS Certification renewal application by representative is completed.

You will be notified by an email message sent to your email address when the Civil Aviation Bureau has confirmed the content of the application.

* Sending identification documents of the requester by post is required.

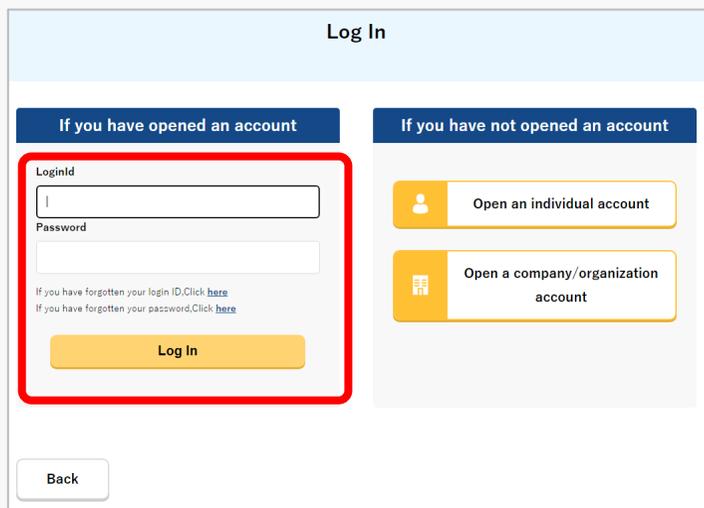

05. Step 1: Log in to the Drone Information Platform System(1/3)

Access to the [DIPS2.0 top page](https://www.ossportal.dips.mlit.go.jp/portal/top/).
 (<https://www.ossportal.dips.mlit.go.jp/portal/top/>)

Click the "Login" button.

On the Log In page, enter your identity and password (set up when opening the account) and press the "Log In" button.

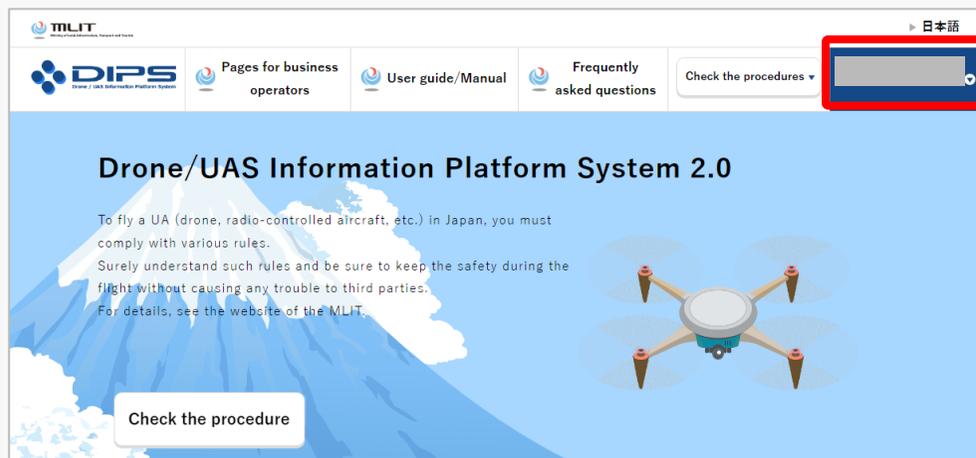

Points to note!

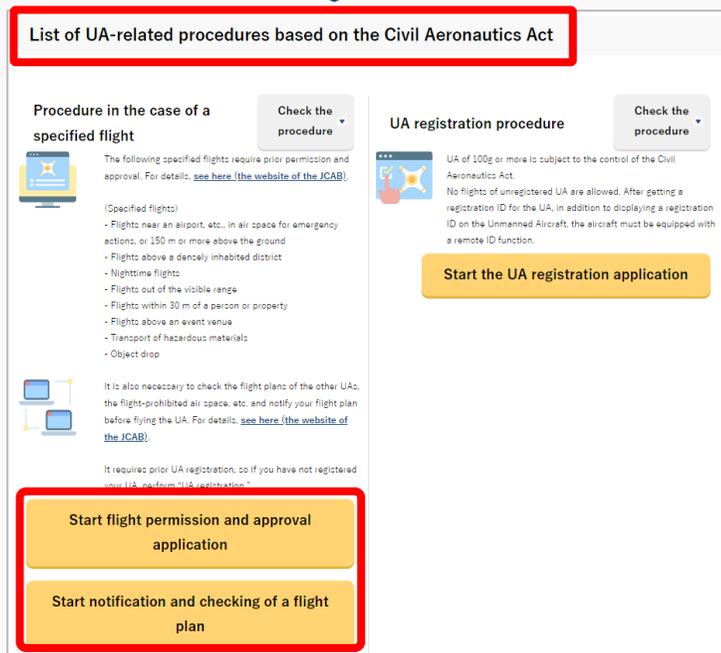

You need a Drone Information Platform System account to log in. If an account has not been set up, then open an account first.

*The login ID is 3 letters + 6 numbers.
 (Example) ABC123456

05. Step 1: Log in to the Drone Information Platform System (2/3)

Upon successful login, the name of the registered account will appear in the upper right corner of the "DIPS2.0" portal screen.

Scroll down the screen and go to the appropriate procedure by clicking on the various procedure buttons in the "List of UA-related procedures based on the Civil Aeronautics Act".

Please see the next page for buttons for various procedures.

05. Step 1: Log in to the Drone Information Platform System(3/3)

The buttons for the various procedures in the "List of UA-related procedures based on the Civil Aeronautics Act" are shown below.

Clicking the buttons for the various procedures will take you to the top page of the individual procedures.

Procedure in the case of a specified flight

Procedure in the case of a specified flight

Check the procedure ▼

The following specified flights require prior permission and approval. For details, [see here \(the website of the JCAB\)](#).

(Specified flights)

- Flights near an airport, etc., in air space for emergency actions, or 150 m or more above the ground
- Flights above a densely inhabited district
- Nighttime flights
- Flights out of the visible range
- Flights within 30 m of a person or property
- Flights above an event venue
- Transport of hazardous materials
- Object drop

It is also necessary to check the flight plans of the other UAs, the flight-prohibited air space, etc. and notify your flight plan before flying the UA. For details, [see here \(the website of the JCAB\)](#).

It requires prior UA registration, so if you have not registered your UA, perform "UA registration."

Start flight permission and approval application

Start notification and checking of a flight plan

UA registration procedure

UA registration procedure

Check the procedure ▼

UA of 100g or more is subject to the control of the Civil Aeronautics Act.

No flights of unregistered UA are allowed. After getting a registration ID for the UA, in addition to displaying a registration ID on the Unmanned Aircraft, the aircraft must be equipped with a remote ID function.

Start the UA registration application

Procedures in the event of an accident, etc. related to a UA

Procedures in the event of an accident, etc. related to a UA

Check the procedure ▼

In the event of the following accidents, etc., the operator has to report the details of the accidents, etc. to the Minister of Land, Infrastructure, Transport and Tourism. For details, [see here \(the website of the JCAB\)](#).

"Accidents"

- Death or injury caused by the UA (serious injury or more)
- Damage of a property owned by a third party
- Collision or contact with an aircraft

"Serious incidents"

- Recognized to have had a possibility of collision or contact with an aircraft
- Injury caused by the UA (minor injury)
- Situation that the UA becomes uncontrollable
- Ignition of the UA (limited to an occurrence during the flight)

Start the reporting of an accident, etc.

Acquisition procedure of UA certification and UA remote pilot certification

Acquisition procedure of UA certification and UA remote pilot certification

Check the procedure ▼

Flying a UA above a third-party land out of visible range without any accident or omission of permission or approval in a certain specified flight requires UA certification of the UA to fly and UA remote pilot certification of the operator. For details of UA certification and competence certification, [see here \(the website of the JCAB\)](#) and [here \(the website of the JCAB\)](#), respectively.

Start the UA certification application

Start the skill certification application

06. Step 2: Proceed to the password (representative application) entry screen

UAS Certification Menu

Click here if you want to complete the procedure in person

<div style="border: 1px solid #ccc; padding: 5px; margin-bottom: 5px;"> <p style="text-align: center; font-weight: bold;">UAS Certification New Application</p> <p style="font-size: 8px;">You can apply for a new UAS Certification. In addition, you can also apply for design changes for Not Type Certification from this menu. In addition, when updating or changing the design of an aircraft that has not been approved for type, it is necessary to coordinate the inspection contents with Registered Unmanned Aircraft Inspection Organization or the Civil Aviation Bureau of the Ministry of Land, Infrastructure, Transport and Tourism in advance.</p> </div>	<div style="border: 1px solid #ccc; padding: 5px; margin-bottom: 5px;"> <p style="text-align: center; font-weight: bold;">Deleting UAS Certification</p> <p style="font-size: 8px;">You can delete UAS Certification that is set as a proxy.</p> </div>

Set up a delegate

By entering the password received from the client, you can set up various procedures to be performed on your behalf.

Press "Set up a delegate" button in the Click here if you want to go through the procedure by an agent in the UAS Certification Menu page.

* When applying other than an application for issuance, you implement a variety of representative procedures by entering the password once in the password entry screen advanced into from this screen.

* In advance, check that the request to the representative has been set up by the requester. [Refer](#) to this page for information on how to request to a representative.

The following information is necessary to apply by the representative.

- Requester's login ID and name
- Password for setting the representative
- POA * Not required for attribute changes
- UA information * Not required for attribute changes

07. Step 3: Enter the Password

Password entry (proxy setting) screen

Enter the login ID, name, and password of the person who will request the procedure to you (the agent), and press the "Next" button.

Login ID ⓘ

[input.pdf](#) **Deletion**

to go back **Next** **interruption**

Enter the other information.

Check the inspection method information.

Input the handling fees.

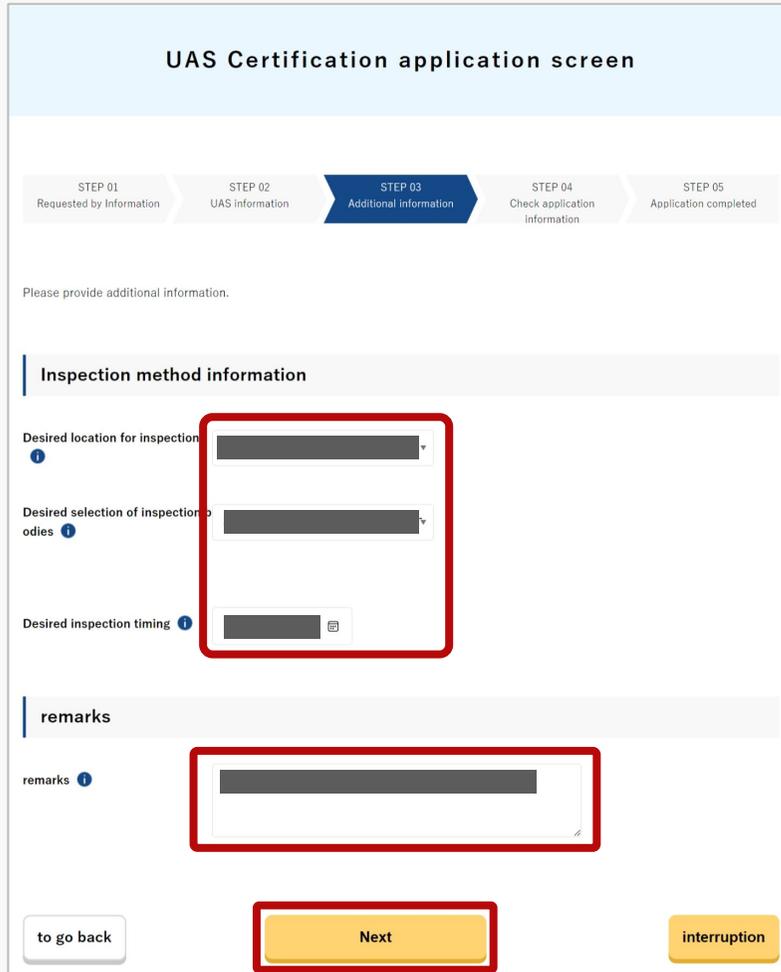

In case of attaching a handling fee related document, please press "Selection" button to upload the file.

After input, press "Next".

You can cancel the application by pressing "interruption" button. In case of resume, you can resume from the application status list screen.

14. Step 10: Enter Other Information (3)

* For UA with certified UAS type

The screenshot shows the 'UAS Certification application screen' at Step 03, 'Additional information'. The progress bar at the top indicates the current step. Below the progress bar, the instruction 'Please provide additional information.' is displayed. The form is divided into two main sections: 'Inspection method information' and 'remarks'. The 'Inspection method information' section contains three fields: 'Desired location for inspection' (a dropdown menu), 'Desired selection of inspection bodies' (a dropdown menu), and 'Desired inspection timing' (a text input field with a calendar icon). The 'remarks' section contains a single text input field. At the bottom of the screen, there are three buttons: 'to go back', 'Next', and 'interruption'. Red boxes highlight the three input fields in the 'Inspection method information' section, the 'remarks' input field, and the 'Next' button.

Enter the other information.

Check the inspection method information.

Enter remarks as required.

After input, press "Next".

You can cancel the application by pressing "interruption" button. In case of resume, you can resume from the application status list screen.

15. Step 11: Confirm Application Information (1) (1/2)

* Only when extending the expiration date

Check Applicant's information / Contact Information / Power of Attorney / UA Information / Inspection Documents / Fee Information / Remarks.

If a mistake is found in the data entry, correct it by pressing "Correct" button on the bottom of each information.

If no problem is found in the entry, press "Application for renewal" button.

15. Step 11: Confirm Application Information (1) (2/2)

* Only when extending the expiration date

A dialog box will appear indicating that a confirmation e-mail will be sent to the registered client's e-mail address. If there are no problems, click the "OK" button.

When the "OK" button is clicked, a "Notice of confirmation of various procedures" e-mail is sent to the registered client's e-mail address. When the client clicks on the URL in the e-mail, the application is officially accepted and the screening process begins.

Important!

The application is put on hold until the arrival confirmation via e-mail is completed.

Please inform the requester that the confirmation must be via e-mail.
